

De Beque Comprehensive Plan

Sixth Steering Committee Meeting

The Town of De Beque is wrapping up the update of its Comprehensive Plan in early 2026. This document will help provide a roadmap for the community over the next 10 to 20 years. The plan will address future land uses and development, parks and recreation, streets and transportation, infrastructure, and other elements of the Town's operation. The De Beque community has contributed input for the plan over the last nine months through two community surveys and outreach at various community events.

The sixth Steering Committee will review the following:

- Draft components of the draft Comprehensive Plan
- A draft implementation strategy for a series of action items for the Town and the community to complete to achieve the goals of the plan
- Timeline for finalization of the Comprehensive Plan and adoption by the Planning Commission and the Town Board

Everyone in the community is welcome to join the meeting on January 20th at the location below. In addition, you can email the Town Manager, Care' McInnis, at cmcinnis@debeque.org, if you are interested in joining the Steering Committee group, or if you have any questions.

De Beque Comprehensive Plan
Steering Committee - 6th Meeting
Tuesday, January 20th, 5:30PM – 7:30PM
De Beque Town Hall, 381 Minter Avenue
