

TOWN OF DE BEQUE ORDINANCE NO. 531

(Series 2023)

AN ORDINANCE AMENDING CHAPTERS 14.01 AND 14.03 OF THE DE BEQUE MUNICIPAL CODE PERTAINING TO: DEFINITIONS OF VARIOUS LAND USES PERMITTED IN ZONING DISTRICTS; SETBACKS AND HEIGHT RESTRICTIONS; NOISE STANDARDS, ACCESSORY DWELLING UNITS, SHIPPING CONTAINERS; AND RELATED PROVISIONS.

The following describes the intent and purpose of this ordinance.

- a. From time to time the Town of De Beque revises its ordinances to address changes in the law or new community concerns.
- b. Over a period of many months the Planning Commission held a series of public meetings for the purpose of obtaining input on the matrix of approved uses authorized in the various zoning districts within the Town. During that process the Planning Commission determined that changes to various use classifications were needed for clarity.
- c. In the course of those proceedings, the Planning Commission also prioritized changes to code provisions governing building setbacks, accessory uses, Accessory Dwelling Units (ADUs), the use of shipping containers, and the placement of sheds or similar outbuildings. All of these changes are deemed appropriate, given development needs within the Town.
- d. The Planning Commission recommended approval of the changes proposed in this ordinance.
- e. The Board of Trustees held a duly noticed public hearing to consider this ordinance on March 28, 2023. The Board has considered the input from public comments.
- f. The Board of Trustees finds that it is in the public interest that land use regulations provide clear guidance for property owners, and that those regulations are tailored to protect property rights and the public interest.

THEREFORE, the De Beque Municipal Code is amended to read as follows:

Amended Chapter 14.03, Provisions, Uses, and Requirements is adopted as set forth in **Exhibit 1**, attached.

Amended Sections 14.01.170 through 14.01.190, pertaining to definitions, are adopted as set forth in **Exhibit 2**, attached.

Approved by a majority of the De Beque Board of Trustees, at a regularly scheduled meeting of the Board on March 28, 2023, at which meeting quorum was present. This ordinance shall take effect thirty (30) days from the date of publication.

14.03.010: ESTABLISHMENT OF ZONE DISTRICTS

- A. To carry out the provisions of this Title the Town of De Beque, Colorado is divided into zone districts. The purposes of dividing the town into zone districts are to:
1. Recognize that certain areas of the town are in various stages of development;
 2. Preserve the character of certain neighborhoods in the town;
 3. Conserve the value of property; AND
 4. Establish and encourage appropriate land uses in existing and newly annexed areas of the town.
- B. It is intended that the boundaries of the zone districts shown on the Zoning Map adopted contemporaneously herewith, will not usually be changed unless it is demonstrated that the character of an area has so changed that amending the Zoning Map is in the public interest.
- C. The town is divided into the following districts:

Table 14.03.010: Zone Districts

ZONE DISTRICT	ABBREVIATION	PURPOSE
Agricultural/ Open Space (Ord. 373, §1, 2008)	AG	To provide areas for small rural, ranchette residential uses where small numbers of animals, including but not limited to poultry, horses, and livestock, may be kept and non-intensive farming activities may be conducted. The district is also intended for open space parcels or future park sites.
Highway Commercial (Ord. 325, §1(part) 2006)	HC	To provide highway-oriented lodging/accommodations and commercial uses near the Interstate-70 interchange and major highway frontages. Properties in this zone district are highly visible from major thoroughfares and careful consideration needs to be given to the design of buildings, parking areas, lighting, signage, and landscaping to ensure an attractive appearance.
Industrial (Ord. 325, §1(part) 2006)	I	To provide areas for light and general industrial businesses, and locations where conflicts with residential, commercial, and other land uses are minimized.
Old Town Center	OTC	To provide areas for community center and tourist commercial uses in the traditional commercial center of the town; offer opportunities for attractive street and pedestrian areas designed to attract visitors from the highway-oriented tourist area; and provide a unique setting for smaller establishments.
Public	P	To provide areas for government facilities, recreation facilities, utility services, schools, parks, open space areas, and other similar land uses that serve a public function.

Table 14.03.010: Zone Districts (continued)

ZONE DISTRICT	ABBREVIATION	PURPOSE
Residential (Ord. 436 §2, 2013)	RZD	To provide areas primarily for residential uses and accommodate mixed residential housing types, including single-family housing, townhouses, and small-scale apartment buildings. Limited non-residential uses are permitted in this zone district.
Service Commercial	SC	To provide areas for wholesale and service commercial uses located away from residential uses.

14.03.020: ZONE DISTRICT BOUNDARIES

- A. Except where otherwise indicated, zone district boundaries shall follow municipal corporation limits, section lines, ¼ section lines, ½ section lines, center lines of major rivers or tributaries, lot lines of platted blocks, center lines of town roads, county roads, highways, interstates, or right-of-way lines or extensions thereof.
- B. When there is uncertainty about the boundaries of a zone district shown on the town’s Zoning Map, the following rules shall apply:
 - 1. For non-subdivided property or where a zone district boundary divides a lot or parcel, the location of such boundary, unless indicated by dimension, shall be determined by the scale of the Zoning Map.
 - 2. Where a zone district boundary coincides with a right-of-way line of a right-of-way that has been abandoned, the boundary shall be construed as following the centerline of the former right-of-way.
 - 3. Land that is not part of a public, railroad, or utility right-of-way and is not indicated as being in any zone district shall be included in the most restrictive, adjacent zone district even if such district is separated from the land in question by a public, railroad, or utility right-of-way.
 - 4. A zone district boundary indicated as approximately following the town’s municipal limits shall be construed as following such limits.
 - 5. A zone district boundary indicated as approximately following platted lot lines or platted parcel boundary lines shall be construed as following such lot lines or parcel boundary lines.
 - 6. A zone district boundary indicated as approximately following the centerline of a river or stream shall be construed as following such centerline.

14.03.030: INCORPORATION OF THE ZONING MAP

- A. The location and boundaries of the town’s zone districts, established by the Ordinance codified herein, shall be shown on a map entitled “Official Zoning Map of the Town of De Beque, Colorado” (referenced herein as the “Zoning Map”), which is incorporated into this Title.
- B. The Zoning Map, together with all data shown thereon and all amendments thereto, is by reference made a part of this Title.

- C. The Zoning Map shall bear the signature of the Mayor, attested by the Town Clerk, the seal of the Town of De Beque, and the date of adoption.
- D. The Zoning Map shall be maintained as follows:
 - 1. All changes to the Zoning Map shall be made by an amendment to the Ordinance codified herein.
 - 2. Within thirty (30) days of the effective date of an amending Ordinance, the Town Planner shall update the Zoning Map to reflect the amendment and note the number of the Ordinance. The updated Zoning Map shall be signed and dated by the Mayor, attested by the Town Clerk.
 - 3. The Zoning Map is to be kept in the town's municipal offices and made available on the town's website.

14.03.040: ZONING OF ANNEXED LAND

- A. Any land annexed to the Town of De Beque, after the effective date of the Ordinance codified herein, shall be zoned in accordance with the zone district classifications set forth in this Chapter.
- B. The Board of Trustees shall designate a zone district(s) for such land at the time of annexation. Prior to the designation of a zone district(s), the Board of Trustees shall refer the proposed annexation to the Planning Commission for a recommendation. The petitioner for annexation may request that annexed land be placed in a specific zone district(s). The zoning of annexed land shall be established in accordance with applicable State statutes.
- C. The zoning for annexed land shall not become effective until the effective date of the Ordinance approving the annexation.
- D. This Subsection shall not preclude subsequent rezoning of annexed land in accordance with Chapter 14.06 of this Title.

14.03.050: APPLICATION OF REGULATIONS

- A. **Conformity to Use Regulations Required**
 - 1. Except as otherwise provided in this Title, no land shall hereafter be used, be designed to be used, or be intended to be used for any purpose or in any manner other than in accordance with the regulations for the zone district in which such land is located.
 - 2. Except as otherwise provided in this Title, no building or structure shall hereafter be erected, moved, altered, extended, used, be designed to be used, or be intended to be used for any purpose or in any manner other than in accordance with the regulations for the zone district in which such building or structure is located.

B. Conformity to Dimensional Requirements Required

1. Except as otherwise provided in this Title, all buildings and structures shall be erected, moved, altered, or extended in conformance with the dimensional requirements for the zone district in which such buildings or structures are located.
2. Except as otherwise provided in this Title, no yard surrounding a building or structure may be encroached upon or reduced in any manner, except for in conformance with the applicable requirements set forth in Section 14.03.100.

C. Lot Area, Yard, Frontage, Open Space, and Parking Restrictions

Except as otherwise provided in this Title, no lot area, yard, frontage, other open space, or parking provided about any building for the purpose of complying with provisions of this Title shall be considered as providing lot area, yard, frontage, other open space, or parking for any other building.

14.03.060: PRINCIPAL AND ACCESSORY USES

A. Principal Uses

1. The primary use of a lot is referred to as a “Principal Use” and may be a land use or a structure.
2. Only one (1) Principal Use per lot is allowed except in zone districts where residential and non-residential uses and/or multiple non-residential uses are allowed in the same building.
3. Only one (1) principal building and its customary accessory buildings may be erected on a lot.

B. Accessory Uses

1. A land use or structure that is customary, incidental, and accessory to a Principal Use is referred to as an “Accessory Use” and must be located on the same lot as the Principal Use.
2. Accessory Uses, permitted in the town’s zone district, are identified in Section 14.03.090 and are subject to any limitations listed in this Title.

14.03.070: PERMITTED, SPECIAL, AND PROHIBITED USES

Section 14.03.090 identifies the Principal and Accessory Uses allowed in De Beque’s zone districts. Table 14.03.020, set forth in Section 14.03.180, uses the following classification system to specify if a land use is a “Permitted Use,” “Special Use,” or if it is prohibited:

A. Permitted Uses

A “P” indicates that a use is allowed by right in a zone district, subject to all applicable requirements of this Title, including, but not limited to, General Use Standards (refer to Section 14.03.110), Use-Specific Standards (refer to Section 14.03.120), Dimensional Requirements, (refer to Section 14.03.100), and Design Standards (refer to Chapter 14.08).

B. Special Uses

1. An “S” indicates that a use is allowed in a zone district, subject to the approval by the Board of Trustees (refer to Chapter 14.06) and all applicable requirements of this Title, including, but not limited to, General Use Standards (refer to Section 14.03.110), Use-Specific Standards (refer to

Section 14.03.120), Dimensional Requirements, (refer to Section 14.03.100), and Design Standards (refer to Chapter 14.08).

2. Uses designated as a Special Use are contingent uses which may or may not be appropriate in a particular location depending on the nature of the proposed use, its relationship to surrounding land uses, its impact on traffic capacities, potential environmental effects, and compatibility with the neighborhood. It is the intent of these Regulations to provide a review of Special Uses so that the community is assured that any proposed Special Use is suitable for the proposed location and is compatible with the surrounding land uses.

C. Prohibited Uses

An “-” indicates that a use is not allowed in a zone district.

14.03.080: CLASSIFICATION OF UNLISTED USES

The town recognizes that new types of land uses, not listed in this Chapter, may emerge over time. When an application is made for such a land use, the following procedures shall be followed to determine an appropriate classification:

A. Determination by Town Planner

1. The Town Planner shall provide an interpretation as to which existing use type, in Section 14.03.090, an unlisted use should be classified as. In doing so, the Town Planner shall consider the purpose of the town’s zone districts, the nature of the unlisted use, and the potential impacts on surrounding properties.
2. If the Town Planner determines that an unlisted use falls within an existing use type, they shall provide written notification of their decision to the applicant, the Planning Commission, and the Town Board. The decision by the Town Planner shall be effective fourteen (14) days after written notification is sent.

B. Special Use Required

If the Town Planner is unable to determine a classification for an unlisted use, they shall notify the applicant that such use will only be permitted upon the approval of a Special Use, in accordance with Chapter 14.06.

C. Appeal of a Decision

An applicant may appeal a decision by the Town Planner to the Board of Adjustment, in accordance with Sections 14.06.160 -14.06.240.

14.03.090: SCHEDULE OF USES

Table 14.03.020 lists the uses allowed within the De Beque’s zone districts and provides cross-references to the specific requirements associated with certain types of uses (i.e., Use-Specific Standards).

All uses listed in Table 14.03.020 must comply with the General Use Standards set forth in Section 14.03.110. Definitions for Use Types listed in Table 14.03.020 are set forth in Chapter 14.01.

B. Authorized Exceptions to Setback Requirements

1. Where a property in a non-residential zone district (OTC, SC, HC, I, P, or AG) shares a side lot line with a property in a residential zone district (RZD), the required side yard setback of the residential zoning district shall apply along both sides of the common lot line.
2. When a vacant lot is bordered on two sides by lots with existing principal buildings or structures, either of which do not meet the front setback requirements for the zone district, the required front setback for the vacant lot shall be the average of the front setbacks of the buildings or structures on the adjoining lots.

Diagram 14.03.010: Averaging Setbacks

3. When buildings share a common wall(s) (e.g., a duplex), only those buildings that do not share a common wall(s) need observe the required side setback for the zone district.

Diagram 14.03.020: Buildings with Shared Walls

4. On double frontage lots (i.e., lots extending from one street to another paralleling street), the front yard setback for the zone district shall be observed from both streets.
5. On corner lots, the owner/developer shall determine which yard shall be the rear yard if the definition of a rear yard defines more than one (1) rear yard.
6. Every part of a required yard shall be unobstructed from ground level to the sky. Select improvements and architectural features may encroach into required setbacks as follows:
 - a. Cornices, sills, and ornamental features may project up to one foot (1') into a required yard.

- b. Roof eaves may project up to eighteen inches (18") into a required yard.
- c. Uncovered porches, slabs, and patios, walks, steps, fences, hedges, and walls are permitted in a required yard if they do not exceed a height of forty-two inches (42") above ground level.
- d. Covered front porches or stoops may extend up to eight feet (8') into a required front yard, provided that the porch or stoop is at least five feet (5') from any lot line.
- e. Fire escapes and individual balconies, not used as passageways, may project up to eighteen inches (18") into a required side yard or up to four feet (4') into a required front or rear yard.
- f. Solar collection devices and equipment may project up to eighteen inches (18") into a required yard.
- g. Driveways may be located within any required setback.
- h. ADA access ramps may be located within any required yard.
- i. Utility lines and minor, incidental utility structures (e.g., fire hydrants, manholes, and transformers and other cabinet structures) may encroach into any required yard.

C. Authorized Exceptions to Building Height Requirements

Architectural features shall not exceed the maximum building height, unless specifically authorized below:

- 1. Cupolas, domes, towers, spires, belfries or similar noninhabitable structural appurtenance may be up to twenty-five percent (25%) greater ten feet (10') higher than the maximum building height.
- 2. Parapet walls may exceed the maximum building height by up to four feet (4').
- 3. Stacks, vents, chimneys, antennae, cooling towers, elevator bulkheads and overrides, solar panels, tanks, or similar mechanical equipment may extend up to ten feet (10') above the maximum building height.

D. Measurement Standards

The following standards shall be used for measuring, interpreting, and enforcing the dimensional requirements set forth in this Section.

- 1. Lot Measurements
 - a. *Lot Area*. Measured as the total area within the boundaries of a lot.
 - b. *Lot Width*. Measured as the horizontal distance between the side lot lines, at the front lot line.
 - c. *Lot Depth*. Measured as the horizontal distance between the front and rear lot lines.
- 2. Setback Measurements
 - a. *Front Setback*. Measured as the horizontal distance of a line perpendicular to the front lot line extending towards the rear lot line.

- b. *Side Setback*. Measured as the horizontal distance of a line perpendicular to a side lot line extending towards the opposite side lot line.
- c. *Rear Setback*. Measured as the horizontal distance of a line perpendicular to the rear lot line extending towards the front lot line.

Unless otherwise provided in this Title, for lots sloping less than one foot (1') vertically in ten feet (10') horizontally, away from the established street grade, the height of a building or structure shall be measured as the vertical distance between undisturbed or natural ground level to:
 - i. The top of a flat or mansard roof; OR
 - ii. The midpoint between the eave line, ridge line of a gable, gambrel, hip, shed or similar pitched roof.
- b. *Building and Structure Height for Lots with Slopes Greater than 1:10*. Unless otherwise provided in this Title, for lots sloping more than one foot (1') vertically in ten feet (10') horizontally, the height of a building or structure shall be measured as the vertical distance between undisturbed or natural ground level to:
 - i. The top of a flat or mansard roof; OR
 - ii. The midpoint between the eave line, ridge line of a gable, gambrel, hip, shed or similar pitched roof.

The maximum building height for such a lot shall parallel the slope of the lot's existing/preconstruction grade.

- c. *Yard Shed Height.* Shall be measured as the vertical distance between the undisturbed or natural grade at the base of a yard shed and the highest point of the shed’s roof or wall, whichever is greater.
- d. *Fence, Hedge, or Wall Height.* Shall be measured as the vertical distance between the undisturbed or natural grade at the base of a fence, hedge, or wall and the highest point of the fence, hedge, or wall.

14.03.110: GENERAL USE STANDARDS

The following standards shall apply to all uses in all zone districts in the Town of De Beque:

A. Compliance with Town, State, and Federal Regulations Required

All applicable regulations of the town, the state of Colorado, and the federal government must be complied with at all times.

B. Vibration

Ground vibration that is perceptible, without an instrument, any distance beyond a property line, is prohibited.

C. Noise

- 1. The maximum permissible noise levels in the Town of De Beque shall be in accordance with C.R.S. 25-12-103. Table 14.03.040 serves as a reference to the maximum permissible noise levels set forth in C.R.S. 25-12-103.

Table 14.03.040: Maximum Permissible Noise Levels by Zone and Time Period

ZONE	TIME PERIOD	
	7:00 AM to next 7:00 PM	7:00 PM to next 7:00 AM
Residential	55 db(A)	50 db(A)
Commercial	60 db(A)	55 db(A)
Light Industrial	70 db(A)	65 db(A)
Industrial	80 db(A)	75 db(A)

- 2. Every activity, to which this Title applies, shall be conducted in a manner so that any noise produced is not objectionable due to intermittence, beat frequency, or shrillness. Sound levels of noise radiating from a property line at a distance of twenty-five feet (25’) or more in excess of the db(A) established in Table 14.03.040 shall constitute prima facie evidence that such noise is a public nuisance.
- 3. In the hours between 7:00 a.m. and the next 7:00 p.m., the noise levels permitted in Table 14.03.040 may be increased by ten (10) db(A) for a period of not to exceed fifteen (15) minutes in any one (1) hour period.
- 4. Periodic, impulsive, or shrill noises shall be considered a public nuisance when such noises are at a sound level of five (5) db(A) less than those listed in Table 14.03.040.
- 5. Construction projects shall be subject to the maximum permissible noise levels specified for the Industrial zone for the period within which construction is to be completed pursuant to any

applicable construction permit issued by the town or, if no time limitation is imposed, for a reasonable period of time for completion of project.

6. Measurements. Measurements with a sound level meter shall be made when the wind velocity at the time and place of such measurement is not more than five (5) miles per hour. In all sound level measurements, consideration shall be given to the effect of the ambient noise level created by the encompassing noise of the environment from all sources at the time and place of such sound level measurement.
7. Exemptions. The provisions of this Subsection are:
 - a. Not intended to apply to the operation of aircraft or to other activities which are subject to federal law with respect to noise control;
 - b. Not applicable to the use of property for purposes of conducting speed or endurance events involving motor or other vehicles, but such exception is effective only during the specific period of time within which such use of the property is authorized by the town; AND
 - c. Not applicable to the use of property by the State of Colorado, any political subdivision of the State of Colorado, or any other entity not organized for profit, including, but not limited to, nonprofit corporations, or any of their lessees, licensees, or permittees, for the purpose of promoting, producing, or holding cultural, entertainment, athletic, or patriotic events, including, but not limited to, concerts, music festivals, and fireworks displays.

D. Non-Residential Uses

All non-residential uses shall comply with the following standards:

1. When adjacent to a residential use, a non-residential use must be screened, from such use, with an opaque fence with a minimum height of six (6) feet. This standard does not apply to residential uses located in the same building as a non-residential use.
2. All outside storage areas, associated with a non-residential use, must comply with the following standards, unless otherwise authorized by an approved Special Use Permit:
 - a. Must be screened with an opaque fence with a minimum height of six (6) feet that screens the storage area from view when observed from the centerline of all adjoining street rights-of-way.
 - b. All stored, piled, or stacked materials must be configured to ensure adequate screening by the opaque fence.
 - c. All equipment must be stored in the lowest operating position.
 - d. All screening fences must always be maintained in a good and safe condition.
 - e. All fences, with structural support members on one side, must be constructed with the structural support members facing the interior of the property.

E. Compliance with Standards

1. An approval by the town, for any use requiring a permit(s) and/or license(s) from the town, the county and/or a state or federal agency, shall not become valid until it has been certified to the

Town Planner that the appropriate permit(s) and/or license(s) have been issued to the user and that the use complies with all applicable regulations.

2. No building permit or certificate of occupancy shall be issued until without evidence of the ability to comply with the appropriate standards and mitigation measures., as deemed necessary by the Town Planner, has been provided to the Town Planner.
3. Noncompliance with any of the applicable standards shall be grounds for the revocation of any permits issued by the town.

14.03.120: USE-SPECIFIC STANDARDS

The following standards apply to specific uses identified in Section 14.03.090.

A. Accessory Dwelling Units

An accessory dwelling unit (ADU) shall comply with the following standards:
